

SON IS BLAMED FOR DEATH OF WEALTHY MAN

Need of Funds Is Alleged as
Motive.

(By Universal Service.)
ALTON, Ill., May 6.—Dr. Horace A. Reddish is under arrest here charged with slaying his father, Dr. M. Reddish, an aged and wealthy Jersey county land owner, whose body was found in his home near Jerseyville on the morning of April 30 with bullet wounds in the head.

Not in years had the country been stirred as it was over the killing of Reddish. It was a double slaying, the body of Rachael Cisco, a negro servant, being found in a room adjoining the one Reddish occupied. She, too, had been shot to death.

Quarrel Over Money.
State's Attorney Hamilton says evidence had been collected which he would use in an effort to show that Dr. Reddish was guilty. The prosecutor revealed there had been a quarrel between Dr. Reddish and his father over money which the son demanded.

Dr. Reddish was arrested at the Mineral Springs hotel garage while preparing to take out his automobile. The authorities had been told to make the arrest if he attempted to leave. Two pawn tickets were found when Dr. Reddish was searched; one for a watch, the other a revolver. It was said the revolver contained empty shells and similar caliber bullets to those which ended the life of his father.

Money Was Refused.
Dr. Reddish married a Boston girl during his college years and they have a son, about 7 years old. She separated from the doctor two years ago, it was said.

Recently, according to friends of Dr. Reddish, he talked of going east to bring his wife back to Jerseyville. His father was said to have refused him money and he tried to borrow

\$500 from his friends, but they refused. The will of the elder Reddish revealed his estate was valued at approximately \$500,000. By the terms of the will the property will be held in trust, his widow, Dr. Reddish and a brother to participate equally in the income.

U. S. SEAPLANE TRIP POSTPONED

Adverse Weather Prevents
Flight to Newfoundland.

NEW YORK, May 6.—Unfavorable weather started today of the navy department's trans-Atlantic flight by way of Halifax was postponed shortly after 9 o'clock this morning, because of adverse weather conditions.

NEW YORK, May 6.—Unfavorable weather reports from points along the coast and a strong northeast wind held the three naval planes to their hangars early today. Whether the

naval planes would attempt the projected flight to Halifax later in the day depends upon a moderation in the wind and more favorable reports from along the route to Halifax. The N. C. 2, which was damaged by fire yesterday, was repaired during the night and run out on the runway ready to take her place with the other two planes. The N. C. 3 and N. C. 4 also were ready for the flight should the wind moderate.

Commander John Towers, chief of the expedition, said that he was receiving reports from points along the shore, but he did not think the strong wind would allow an attempt at flight. He explained that flying in the face of a strong wind would require fifteen hours to make the trip to Halifax, whereas under more favorable conditions but eight hours would be required. He declared, however, that everything was in readiness and that the flight to Halifax would be started today if the wind moderated.

Fate of Count and Other
Hostages Unknown.

(By The Associated Press.)
RIHEL, Province of Orenburg, Russia, Monday, April 21.—The story of bolshevik rule, unfolded by the re-occupation by the Siberian army of a large section of territory discloses wholesale murder, robbery and persecution. Investigation by The Associated Press shows not a single instance of constructive work. Throughout the district of Ufa, Bielski and Bogulma, hundreds of citizens of the better class and small property owners are known to have

been murdered; other hundreds have disappeared. The fate of seven hostages from Ufa, including Count Peter Tolstoi, member of the first imperial duma, and several engineers is not known. Ufa has enjoyed some measure of immunity because it has representatives in the Moscow government. Nevertheless churches have been desecrated and a reign of terror maintained.
